INFORMATION DISCLOSURE STATEMENT

Sir:

In accordance with the provisions of 37 C.F.R. §§ 1.97 and 1.98, applicant and his attorney respectfully request that the following patents and patent publications be made of record in the official United States Patent and Trademark Office file relating to the above-identified patent application. The citation of the following patents and patent publications should not be construed as an admission that they constitute statutory prior art with respect to the present invention. In compliance with 37 C.F.R. § 1.98, copies of the foreign patent publications are enclosed.

The above-listed patent and foreign patent publications that are designated with an asterisk (*) were cited in an International Search Report issued in connection with applicant's corresponding International Patent Application (i.e., International Patent Application No. PCT/CH 2004/000679). Attached hereto is a copy of the International Search Report which provides an indication as to the relevance of these references perceived by the European Patent Office. The remaining foreign patent publications are discussed within the "Prior Art" section of the specification of the present application.

All of the above-mentioned European and International Patent Publications are in a foreign language. While English language translations of these references are not presently available, applicant's attorney notes that European Patent Publication No. EP 0834274 A1 is cited in the aforesaid International Search Report. In addition, there is an English-language abstract on the face of each of the International Patent Publications. Also, U.S. Patent No. 5,961,082 is a counterpart to European Patent Publication No. EP 0716825 B1. Upon the

Examiner's request, applicant's attorney will submit an English-language translation of any of these European and International references. In such circumstances, no further comments concerning the relevance of the foregoing patents and patent publications with respect to the patentability of the present invention are deemed necessary.

In order to facilitate the Examiner's citation of the patents and patent publications listed above, applicant's attorney has completed United States Patent and Trademark Office Form PTO/SB/08A . The completed Forms are attached hereto for the Examiner's convenience.

No fees are believed to be due in connection with the submission of this Information Disclosure Statement. If any fees are due, including extension and petition fees, the Examiner is hereby authorized to charge them to Deposit Account No. 503571.

Respectfully submitted,

McCARTER & ENGLISH, LLP
